WELCOME TO ICIAHP - 2023

On behalf of the organising committee of the 8th International Conference of the Indian Academy of Health Psychology, we are privileged and honoured to cordially invite you all to the upcoming event of Health Psychology scheduled to be held from 30th November 2023 – 2nd December 2023 at Peninsula Beach Resort, Calangute, Goa, India. In the current scenario, all health practitioners practice the medical model by integrating the various disciplines of medical and allied sciences to deal with various kinds of health issues, be they physical or psychological. The integrative approach in medical care not only fastens the recovery of health issues but also helps the patients to have holistic recovery and rejuvenates them in their original society. Health Psychology is again one of the promising disciplines of healthcare, which further facilitate the betterment of patients from within to avoid obvious issues and strengthen them to fight chronic conditions of health issues with a better coping mechanism. Hence, the aim of the conference is to understand the impact of health psychology in integrative healthcare with a multidisciplinary perspective. The conference further aims to explore the global perspective on the rise in the prevalence rate of mental problems and a multidisciplinary approach as an intervention. The conference would provide an academic platform for all the researchers, scientists, health psychologists, medical/health care professionals, and educationists to exchange their views and share their experiences on the theme and sub-themes of the conference through their research and academic practices. The conference envisions inviting multi-disciplinary perspectives on mental health & well-being, where the health care professionals, scientists and scholars from across the globe will come together to present, discuss and exchange their innovative works in the area.

We eagerly look forward to have your active participation and to welcoming you in the conference with your colleagues, friends and research scholars.

Prof. Anand Kumar
Conference Chairman

About IAHP

The Indian Academy of Health Psychology (IAHP) is a professional organisation dedicated to advancing the field of health psychology and improving the well-being and quality of life of individuals. Its primary objective is to enhance awareness and disseminate knowledge about health psychology through various means such as networking, creating a comprehensive database, fostering collaborative research, and publishing informative materials like monographs, reports, and books. The IAHP consists of a distinguished community of researchers, scholars, healthcare professionals, and students who work together to promote the scientific understanding and practical applications of health psychology. They actively organise seminars, debates, workshops, and conferences that provide a platform for the scientific community to exchange knowledge and address the various issues and challenges related to human health.

Prof. Anand Kumar laid the foundation of Indian Academy of Health Psychology (IAHP) in January, 2015 to serve the people through the academy with a vision to improve health and well-being by creating awareness/spreading knowledge about this field. He has been honored with distinctions and awards by many national and international organizations which include the Best Speaker Award in 1983 by World Congress of Social Psychiatry, Osaka, Japan; Man of achievement award in 1991 by International Biographical Centre, Cambridge. Kashi Ratna in 2007 for his outstanding services in the area of psychotherapy by the Indian Association of Journalists; Man of Achievement award in 2016 by Gautam Buddha University, Greater Noida, India; Mental Health Professional Honor by the Manas Charitable Trust for Mental Health, Ahmedabad, Gujarat in 2020. Recently, he was conferred "Lifetime Achievement Award" in 2021 for his outstanding contribution in Health Psychology.
